

## ENTRANCE PORCHES

***Whilst attractive front entrance doors will create a special feature on your home, a well-designed porch will considerably enhance this and offer substantial additional benefits:-***

- An air-lock before you open the front door and an appropriate place where shopping or whatever you wish to unload from your car can be placed before opening up your home
- An ideal area to take off your muddy boots or dry off your pet dog
- *The best place to leave wet muddy boots and shoes*
- *You can open your front door to clearly see who is ringing the bell whilst maintaining the security for your home*
- *There is now a special area within your porch where you can speak with the visitor, postman or milkman, who is not generally coming into your home*

### **PLANNING**

*You will need to apply for planning if the porch:*

*Would the ground area (measured externally) of more than 3 square metres*

*Would be higher than 3 metres above ground level*

*Would be less than 2 metres away from the home boundary when a highway (which includes all public roads, footpaths, bridleways and byways*
